Word: Hope

Key Verses: Romans 5:1-5, Colossians 1:15-29

If you pay attention and listen to those around you, you will realize that we are hope obsessed. What we're all looking for is hope that won't disappoint us, that won't leave us, that won't leave us hopeless in the end.

What are you asking of something when you place your hope in it? You're asking it to give you peace of heart. You're asking it to give you purpose and direction. You're asking it to give you a reason to continue.

Now, that's a lot to ask of anything. That fact confronts you with this reality if your hope disappoints you, it's because it's the wrong hope.

Roman 5:15, talks about a hope that won't disappoint you even in time of suffering.

True lasting hope is never found horizontally. It's only ever found vertically, at the feet of the Messiah. The One who is hope.

Challenge: Place your hopeful heart in the hands of Jesus today.
